

Class 2

Autumn Term

Meeting Father Christmas!

We have had a fantastic first term in Class 2, learning lots and having a lot of fun! We have taken part in many practical lessons such as role-play activities in RE and English, making angel delight, following instructions to make pizzas and many more!

In English, we have been working really hard in all lessons, we have looked at lots of different stories and retold these. We have followed and written instructions and worked really hard to improve our handwriting. We wrote our own poems based on existing poems and had a lot of fun performing these.

In RE, we have looked at what a Christian is and the Christmas story. We thought about different festivals and the stories associated with them, such as Diwali, Purim and Advent.

We worked hard on our production "Christmas Eve Kerfuffle" learning lines, practicing songs and performing to all our parents. Miss Derry was very proud of us!

Next term we will be learning about Space as part of our History topic. In maths, we will start to look at multiplication and division in Year 2 and place value in Year 1. Our English work will be based on recounts to start with. We will also be writing stories and looking at how we can make our writing more interesting.

Making sweets for the Christmas Fayre

Recording our Christmas CD

Learning how to sew

Parent workshops for maths

Finding out about real life 3D shapes in maths
