

Junior Health & Safety Officer ANOTHER wins bike. 31.01.19

Richard Crosse Primary, in partnership with its Health and Safety provider, Elite Safety in Education, were pleased to present a 2nd brand new bike to Year 6 Junior Health & Safety Officer, Louie Bartram this week.

Louie was appointed Junior Health & Safety Officer in September this year, the first person to hold the position within Richard Crosse. As part of his duties, he is required to survey the school each month, and complete a H&S checklist. This is sent back to Elite for review and entered into a prize draw.

Lucky Louie was October's winner, and amazingly, also managed to be drawn out of the hat in December's draw. Generous Louie decided to give the bike to his twin sister Isabella. The brand new Muddy Fox bike was presented at the weekly Achievement Worship in front of his parents, by the Headteacher Miss Jarrett.

Miss Jarrett said "We can't believe Louie has won this fantastic prize twice, but we're so pleased for him, and so proud of his generosity in sharing his prize."
